EXPERIENCE

UI Developer – Engineer

Innominds Software India Pvt. Ltd, Hyderabad, India.

Aug 2021- Sep 2023

- Collaborated closely with visual designers to translate wireframes into implemented UI components and working alongside back-end developers to ensure tested and production-ready UI code.
- Developed code for user interface and contributed for developments and testing of a Single Page Application (SPA) using Javascript framework **Angular, HTML5, SCSS, Typescript and Bootstrap**.
- Created reusable Typescript components and services to facilitate REST API consumption through Angular component-based architecture and wrote Unit Test Cases using testing frameworks such as **Jasmine and Karma**.
- Integrated **RESTful APIs** to fetch and display data, ensuring seamless data integration and functionality. And optimized the existing codebase by restructuring, refactoring for improved functionality and performance.

PROJECTS

Vorwerk – DS Pro

Innominds Software India Pvt Ltd.

Jan 2022 – Sep 2023

- Developed a responsive web application using Javascript framework **Angular 7, HTML, SCSS, Bootstrap, Typescript**.

Optimized the code to improve performance and by maintaining the coding standards.

- Integrated RESTful APIs to fetch and display real-time data from the server. Collaborated closely with the back-end team to define API contracts and ensure smooth data integration.
- Wrote Unit Test cases using Karma and Jasmine framework.
- Utilized Git for Version control to manage the codebase and collaborate with team members efficiently. Collaborated in an agile, cross functional environment.

Discern Science Avatar

Innominds Software India Pvt Ltd

August 2021 – January 2022

- Implemented UI pages using **HTML, SCSS, Bootstrap, Typescript and Angular 11** and **responsive layouts** using CSS3 media queries and ensuing compatibility across devices.
- Consumed RESTful API web Services using HttpClient and rendering JSON response to display dynamic content, enhancing the application's functionality and followed agile methodologies and utilized Git for Version control, enabling seamless collaboration with the development team.

CERTIFICATIONS
