Summary

Highly motivated and results-driven Front-End Developer with over 3+ years of experience in developing responsive and scalable web applications using Angular. Strong expertise in UI/UX implementation, Agile development, and performance optimization. Proficient in translating business requirements into technical solutions and collaborating across teams.

Professional Experience

US Technology International Pvt Ltd, Bangalore

Jan 2024 - Present

Developer III - Software Engineer

- Collaborated closely with visual designers to translate wireframes into implemented UI components and working along with back-end developers to ensure tested and production-ready UI code.
- Developed code for user interface and contributed for developments and testing of a Single Page Application (SPA) using Javascript framework **Angular**, **HTML5**, **SCSS**, **Typescript**, **RxJS** and **Bootstrap**.

Innominds Software India Pvt Ltd, Hyderabad

Aug 2021 – Sep 2023

UI Developer - Engineer

- Created reusable Typescript components and services to facilitate REST API consumption through Angular component based architecture and wrote Unit Test Cases using testing frameworks such as **Jasmine** and **Karma**.
- Significantly improved the performance of an MLM application platform, driving a 30% increase in conversion rates through improved UI/UX design and performance optimization.

Education

Bachelor Of Engineering in Electrical and Electronics Engineering, 2020

St.Joseph's College of Engineering, Chennai, India.

Projects

Intel - HSDES

Angular 15, Typescript, HTML, SCSS, Bootstrap, Azure Devops

- Developed reusable components, highly responsive web applications, and optimized the code.
- Optimized application for scalability, maximum speed, and reduced page load time by 30% using lazy loading and asynchronous module loading.
- Integrated custom Angular pipes to enhance data transformation and improve code maintainability.

Vorwerk – DS Pro

Angular 7, Typescript, HTML, SCSS, Bootstrap, Git

- Integrated REST APIs seamlessly, collaborating effectively with back-end teams to define API contracts and ensure smooth data integration.
- Explored and integrated reactive programming with the RxJS to manage the asynchronous data flows and complex interactions.
- Wrote comprehensive unit tests using Karma and Jasmine frameworks to ensure code quality and maintainability.

Discern Science Avatar

Angular 11, Typescript, HTML, SCSS, Bootstrap, Git

- Crafted pixel-perfect, responsive UI pages and efficiently integrated RESTful API web services using HttpClient, seamlessly rendering JSON responses to deliver dynamic content and enhance application functionality.
- Utilized RxJS for reactive programming, effectively managing asynchronous data flows and complex interactions.
- Adhered to agile methodologies and utilized Git for version control, fostering effective collaboration and code quality within the development team.

Skills

HTML5, CSS3, Bootstrap, Tailwindcss, JavaScript, Typescript, Angular Js, React.Js, Git, Github, Gitlab

Certifications

- Business English Certification conducted by Cambridge University, 2019.
- The Web Developer Bootcamp on Udemy.
